

# MARK<sup>®</sup> ARCHITECTURAL LIGHTING

## The Wingspan Series

With its sleek, contemporary design, Wingspan is a stylish choice for high-end corporate interiors. Whether you choose perforated steel wings or extruded acrylic ones, Wingspan soars above the routine. It provides wide, uniform illumination while maintaining a minimal luminaire-to-ceiling distance.

The 4- or 8-foot section lengths can accommodate two or three T5 or T5HO lamps. A wall-mount version of Wingspan is also available.

Project:

Catalog Number:

DO NOT TYPE HERE. Autopopulated field.

## Specification Features

### Housing

Extruded aluminum with fluted or smooth spine.

### End Plates

Flat steel endplate or flat steel endplate with white acrylic halo.

### Finish

Matte white.

### Reflector

Die-formed, prepainted-white steel and semi-specular aluminum.

### Shielding

Perforated steel wings or soft-white acrylic wings.

### Lamps

(2 or 3) T5 or T5HO. Lamps provided by others.

### Ballast

Thermally protected Class P energy-saving electronic ballast.

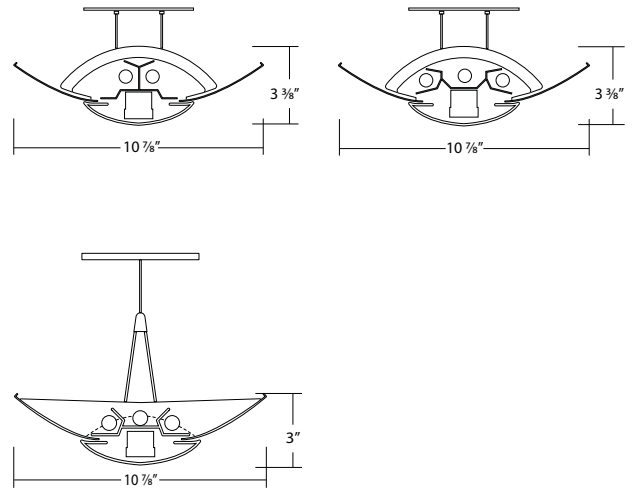

### Mounting

Pendant mounted with stainless steel cable. Lockable cable gripping device allows adjustment without cutting and crimping. Units can be continuously rowed.

### Certification

UL Listed, IBEW (Local 3) Union-made in the USA.
