

Trial Installation Program (TIP)

featuring EZY Curb™ Modular Skylight System for R-Panel Metal Roofs

How the TIP Program works:

- ▶ Sunoptics® will provide one complete 10' EZY Curb Daylighting System (EZYSA) with compatible Signature™ Series skylight per customer, for installation with an approved purchase order.
- ▶ You will have 60 days to evaluate the performance of the EZY Curb system. The clock starts when the product is shipped from Sunoptics.
- ▶ Should you not be 100% satisfied with the EZY Curb system, you can request a credit equal to the purchase price of the EZYSA modular frame and Signature skylight. No risk!

Rules

- ▶ Customer must receive approval from an authorized sales representative of Sunoptics prior to order.
- ▶ Order must be marked – Trial Installation Program (TIP)
- ▶ Program available one per end-user customer, unless prior approval is provided by Sunoptics
- ▶ Credit applies only to the product material supplied. TIP excludes all freight, labor and other expenses

**Seeing is believing.
Get Started Today!**
