

TRIAL INSTALLATION PROGRAM

Seeing is believing...

Are Fluorescent High Bays right for your application?

To appreciate the power and performance of the fluorescent high bay offering, Lithonia Lighting offers the Trial Installation Program (T.I.P.) for customers to “try before you buy.” Lithonia customers can install up to 10 high bay fixtures to ensure they have the “right product for the right application.”

Available Fixtures:

T.I.P. Program Criteria:

- “Test run” a maximum of 10 standard Lithonia Lighting fixtures in your facility.
- 90-day trial period. If you are not satisfied, return the merchandise, freight prepaid, in saleable condition within 90 days.
- Qualifying products: IBZ, FSB, FAL, MS5HB and MS8 (accessories for products are available).
- Distributor will be invoiced at shipment with 90-day terms.

HANG TEN!

I-BEAM® fixtures feature T5HO Cool Running Plus™ Technology, combining high-ambient operation with the reliability, energy efficiency and lighting quality of fluorescent lighting.

Hang ten I-BEAM IBZ fixtures through the T.I.P. program to see for yourself:

- Five-year warranty at 155°F (55°C).
- Saves up to 50% in energy costs over HID high bay fixtures.
- Maintains designed light levels over the life of the system.
- One-for-one replacement for existing fixtures; no re-wiring necessary!
